Dear Mr. Reyes,

We wanted to take this opportunity to let you know how impressed we have been with the quality of work Servitek has provided us with to date. We have been working together for many months now installing switches, routers and wireless access points to get LAUSD schools technologically updated. As you know the turn around on this work has been quick and the flexibility of yourself and your staff has really helped us in meeting our deadlines with LAUSD. To date we have completed work at the following schools together:

Weigand Elementary School	Short Elementary School
54th Elementary School	Serrania Elementary School
Nevada Elementary School	Towne Elementary School
Westport Elementary School	Richland Elementary School
Broadacres Elementary School	Bonita Elementary School
Windsor Elementary School	Carthay Elementary School
Manchester Elementary School	Burke Elementary School
116th Elementary School	Whitman Elementary School
Westside Leadership Academy	Andasol Elementary School
232nd Elementary School	Marlton Elementary School
Riley Continuation High School	Lewis Elementary School
Willenberg Special Education Center	Palms Elementary School
Calahan Elementary School	Holmes Elementary School
Lemay Elementary School	Dearborn Elementary School
Playa del Rey Elementary School	

The hard work, dedication and professionalism of yourself and your staff has allowed us to complete our projects in a timely fashion. In addition, your dedication has not stopped in the field, working on LAUSD projects where a PSA is in place requires a lot of additional paperwork and documentation. Even though you are one of the smaller businesses we subcontract to on our project you are by far the most diligent and competent at getting paperwork turned in correctly and on time.

We look forward to continuing our business relationship with you, we have many more schools to complete and look forward to continuing our partnership. Thank you for all of your efforts.

Sincerely,

Karla Lee
